

# YOU SEEM LIKE A LOCAL

WHEN **YOU** shop at your locally owned businesses, you're supporting the local economy. It's a simple fact: For every \$100 spent, locally owned independent businesses give back \$68 to their local economies. National chains return only \$43\*.

So when you spend your hard-earned money here, it stays here.

Plus you get an honest and sincere — *“Thank you for your business.”*
